[KM 853] **Sub. Code : 4876**

B.Sc. (Nursing) DEGREE EXAMINATION.

(For Trained Nurses)

(Modified Regulations)

Second Year

Paper I — COMMUNITY HEALTH NURSING — II

Time : Three hours Maximum : 100 marks

Sec. A & B : Two hours and forty minutes Sec. A & B : 80 marks

Section C : Twenty minutes Section C : 20 marks

Answer Sections A and B in the **SAME** Answer Book.

Answer Section C in the answer sheet provided.

SECTION A — (2 × 15 = 30 marks)

1. (a) Explain the concept of Natural history of disease.

(b) Discuss the mode of intervention corresponding to diabetes mellitus. (15)

2. (a) Define Risk approach

(b) Enumerate the high risk mothers

(c) Discuss the role of the community health nurse in preventing MCh problems. (2 + 5 + 8)

SECTION B — (10 × 5 = 50 marks)

Write short notes on any TEN of the following.

3. (a) Common health problems of school children

(b) Natural Health Policy

(c) The census

(d) General measures of communicable disease control

(e) Home visit

(f) Perinatal mortality

(g) Scope of family planning

(h) Health problems of the aged

(i) Mid day meal programme

(j) Quarantine

(k) Screening of disease.

B.Sc. (Nursing) DEGREE EXAMINATION.

(For Trained Nurses)

Second Year — Non–Semester

Paper II — COMMUNITY HEALTH NURSING

Time : Three hours Maximum : 75 marks

Description : Two hours and forty five minutes Description : 60 marks

Objective : Fifteen minutes Objective : 15 marks

Answer ALL questions.

Write essays on :

1. During Home visit you have observed the problems of worm infestation in the family of Mrs. Kasturi who resides in farm house and there is no proper toilet and drainage facilities. Considering above situation answer the following :

(a) What are the other causative factors responsible for this problems?

(b) What observations will you do regarding health habit of family members?

(c) What is your plan of action regarding solving this problem?

(d) What are the complications of worm infestation? (20)

2. What is epidemiology? Write the epidemiological factors of infective hepatitis and Discuss prevention, control of infective hepatitis. (15)

3. Write short notes on : (5 × 5 = 25)

(a) List the National Health Programmes.

(b) What are the source of Vital Health statistics?

(c) Write the characteristics of mentally healthy person.

(d) How will you protect the child from various childhood diseases?

(e) Scope of family health services.

[KQ 832] **Sub. Code : 4892**

B.Sc. (Nursing) DEGREE EXAMINATION.

Second Year — Non–Semester

(For Trained Nurses)

Paper II — COMMUNITY HEALTH NURSING

Time : Three hours Maximum : 75 marks

Description : Two hours and forty five minutes Description : 60 marks

Objective : Fifteen minutes Objective : 15 marks

Answer ALL questions.

1. (a) Explain the concept of natural history of disease by using epidemiological triad?

(b) Discuss the different methods of epidemiology.

(c) Describe the role of community health nurse in the prevention of diabetes? (7 + 6 + 7)

2. (a) What are the objectives of reproductive and child health programme?

(b) Discuss the salient features of national health policy in India.

(c) Discuss the role and responsibilities of community health nurse in universal immunization programme? (3 + 7 + 5)

3. Write short notes on FIVE of the following : (5 × 5 = 25)

(a) Risk approach

(b) Planning commission

(c) Natural history of disease

(d) Infant mortality rate

(e) Methods of morbidity survey.

POST BASIC BACHELOR OF SCIENCE IN NURSING

DEGREE EXAMINATION

SECOND YEAR - NON SEMESTER

PAPER II – COMMUNITY HEALTH NURSING

Q.P. Code : 684892

Time : Three Hours **Maximum : 75 Marks**

Answer ALL questions

I. Elaborate on: **(2 x 15 = 30)**

1. a) What are the aspects of School Health Services?

   b) Discuss the role of a Community Health Nurse in planning and organizing a School Health Programme.

2. a) What are the nutritional problems of our country?

   b) Enumerate the National Nutritional Programmes and discuss the role of a community health nurse in it.

II. Write notes on: **(5 x 5 = 25)**

1. Principles and techniques of home visiting.
2. Uses of epidemiology.
3. Primary health care and its elements.
4. Causes of Infant mortality in India.
5. Direct Observed Therapy Short-term. (DOTS)

III. Short answers on: **(10 x 2 = 20)**

1. Write any two indications and contra indications of using oral contraceptive pills.
2. Define food adulteration.
3. Mention two National Communicable disease Eradication Programmes.
4. List any four methods of solid waste disposal.
5. Expand AYUSH.
6. Write any four aims and objectives of under five clinics.
7. Mention any four occupational health diseases.
8. Write the radiation effects on health.
9. What are the drugs given under the multidrug therapy in the treatment of Leprosy?
10. List any four sources of water pollution.

PAPER II – COMMUNITY HEALTH NURSING

Q.P. Code : 684892

Time: Three hours **Maximum: 75 Marks**

I. Elaborate on: **(2 x 15 = 30)**

1. a) Define population explosion.
   b) What are the causes of population explosion?
   c) Write in detail about various permanent family welfare methods for men and women.

2. a) Define air pollution.
   b) What are the sources of air pollution?
   c) As a community health nurse, plan a health education programme on prevention and control of air pollution.

II. Write notes on: **(5 x 5 = 25)**

1. Food adulteration.
2. Epidemiological triad.
3. Cold chain.
4. Principles of community health nurse.
5. Communication process.

III. Short answers on: **(10 x 2 = 20)**

1. List out four objectives of school health services.
2. Write four hazards of radiation.
3. List out four uses of health information.
4. Transmission of faecal borne diseases.
5. List any four non communicable diseases.
6. Write four principles of home visit.
7. Enumerate four causes of food poisoning.
8. Enumerate four national health programmes.
9. Enumerate four sources of Vitamin A.
10. What are the principles of Primary health care?

PAPER II – COMMUNITY HEALTH NURSING

Q.P. Code : 684892

Time: Three hours **Maximum: 75 Marks**

I. Elaborate on: **(2 x 15 = 30)**

1. a) Define health education.
   b) As a community health nurse, plan a health education programme on Malaria.

2. a) Define maternal and child health care.
   b) What are the objectives of maternal and child health care?
   c) Write in detail about the antenatal health care.

II. Write notes on: **(5 x 5 = 25)**

1. High risk pregnancy.
2. Demographic cycle.
3. National health policy.
4. No scalpel vasectomy.
5. Principles of community health nursing.

III. Short answers on: **(10 x 2 = 20)**

1. Types of analytical epidemiology.
2. Write any four differences between Kwashiorkor and marasmus.
3. List out any four occupational diseases.
4. Enumerate any four sources of Vitamin A.
5. Types of bar chart.
6. Enumerate four causes of population explosion.
7. Write four causes of infant mortality.
8. Enumerate the components of environment.
9. Write any four functions of primary health care.
10. Maternity benefits in ESI scheme.

Q.P. Code : 684892

Time: Three hours **Maximum: 75 Marks**

I. Elaborate on: **(2 x 15 = 30)**

1. a) Define primary health care.
   b) Role of community health nurse in primary health care.

2. a) Define malnutrition.
   b) List the common nutritional problems in India.
   c) Explain in detail about the measures to control malnutrition.

II. Write notes on: **(5 x 5 = 25)**

1. Food hygiene.
2. Levels of prevention.
3. Define home visit and explain the steps in home visit.
4. ICDS.
5. Sources of vital statistics.

III. Short answers on: **(10 x 2 = 20)**

1. Define surveillance.
2. Expand AYUSH.
3. Four causes of Maternal Mortality Rate.
4. Enumerate four national health programme in relation to control of communicable disease.
5. List four Zoonotic diseases.
6. Difference between incidence and prevalence.
7. Enlist the services provided by subcenter.
8. List four functions of health team.
9. Define supervision.
10. List four laws related to health.
