M.Sc Public Health

RULES AND REGULATIONS FOR ADMISSION

Number of seats : Sixteen (16)

Duration : 2 (Two) years – Full time Course

Course Objectives

On completion of MSc (PH) course, candidate as a public health professional should be able to: 1. Identify and prioritize key public health issues. 2. Understand the principles involved in the management of health service organizations and in planning the development of health services 3. Conduct critical assessment in specific domains of public health 4. Do research in accordance with ethical principles relevant to public health work.

Partnership with Health Systems

The proposed programme would tie-up with Directorate of Public Health and Preventive Medicine (DPHPM) and its extended facilities. At the DPHPM the students will have an exposure to public health programmes that include National Health Mission, disease control/surveillance programmes. The extended facilities include Institute of Public Health [IPH] (Poonamallee) /Institute of Vector Control and Zoonosis (Hosur) and all the Public Health training institutes across the State would be utilised as appropriate. The programme will have partnership with medical colleges and its clinic facilities.

Format of the Course

Year 1: Candidates will spend the first six months at DoE -The Tamil Nadu Dr. M.G.R. Medical University, Chennai/ collaborating institutes of DPH&PM undergoing first semester training in core courses and would be involved in developing a project application based on their electives for their field training. They would be involved in In-Field project/research programmes upon written approval by the on- and off-campus supervisors/guide for the next 4 months (7th to 10th month). During 11th month they would return to DoE & submit the In-Field project Report and take first semester examinations.

Year 2: Candidates will spend the first three months at DoE undergoing second semester training in core course and would be involved in developing a protocol for their Capstone Project/ Thesis based on their elective topic. During the next 4 months (16th to 19th month) they work on data collection, data entry, analysis for their thesis (with an approved e- field movement plan & maintaining log book). Subsequently, candidates will return to the DoE to write the second semester examinations as well to finalise thesis work. The candidate will submit a proof of manuscript submission for publication to a peer-reviewed, index journal & defend their Thesis in a viva-voce examination at 24th month.

M. Sc. in Public Health Curriculum

1. First semester (**6 months at DoE & DPH Institutes, 7th to 10th month in field, 11th month In-field project submission & Exams at 12th month**):

a. Principles of Epidemiology including Fundamentals of research design &

Evidence based health (**core**)

b. Principles of Bio statistics (core)

c. Diseases of Public Health importance & Control (core)

Any one of the Electives for practicum (Field project Report) -

Outbreak investigations
Secondary data analysis at State level
Secondary data analysis with appropriate qualitative research
(FGD,etc.)
Health Communication Modules
Infectious disease epidemiology
NCD and injury epidemiology

2. Second semester (**Exams at 18th month**):

- a. Health Management (core)
- b. Any one of the Electives-
 - Health policy or Health System research
 - Evaluation of health programme
 - Demography Survey or Health Survey
 - Public health nutrition
 - Food Safety
 - Occupational and environmental health
 - WASH
 - Health Leadership
 - Health Economics

3. Final semester (**Exams at 24th month**):

- a. Thesis project (12,000 words thesis outcome)
- b. 6000 words manuscript submitted for publication

Eligibility & Admission requirements

The following represent the standard minimum undergraduate degree requirements for admission to the MSc (PH) program:

- Bachelor of Science in Life sciences (including Food Tech, Dairy), Statistics, Nutrition, Social work , Communications or equivalent* from a recognised University acquired as a full-time student
- Bachelor degree in health or health-related programs such as Medicine (MBBS), Dentistry (BDS), AYUSH (BAMS, BUMS, BSMS, BNYS, BHMS), Veterinary, Nursing, Physio/Occupational Therapy and Pharmacy, Bachelor in Engineering (Civil)

*Work experience in a health-related field is desirable.

Thus, widening of above eligibility would facilitate inter-disciplinary curriculum based on electives & make pathways of public health action as multi-sectoral.

Number of seats : 16 (50% reserved for Government sponsored candidates)

Method of selection : Through Entrance Examination only

The candidate would be selected for admission to the MSc (PH) program on the basis of written entrance test

- Sponsored /Deputed Candidates: A candidate applying for admission as sponsored/deputed candidate is required to furnish the following certificate from his/her employer for admission to the course:
 - 1) That the candidate concerned is a permanent or regular employee of the Government Department/Institute/Medical College-the deputing/sponsored authority
 - 2) That no financial implication in the form of emoluments stipend etc. will develop upon University, during the entire period of his/her course including field visits/ project & thesis work. Such payment will be the responsibility of the sponsoring/deputing authority or the individual concerned.
