Dear Friends, Colleagues and Post graduates,

The year 2012 has a very special significance for the University as it marks the 25th anniversary of this esteemed institution. This indeed is a momentous occasion that ought to be celebrated.

It is my vision to make this University the heart of academics and research. This symposium will have experts from both India and US speaking on various topics.

I invite all of you to the brain storming sessions and to experience the grand hospitality of the University.
