

[KV 819]

SEPTEMBER 2009

Sub. Code: 3819

DOCTOR OF PHARMACY (PHARM. D / POST BACCALAUREATE)

DEGREE EXAMINATION

(Regulations 2008-2009)

(Candidates admitted from 2008-2009 onwards)

FOURTH YEAR

PAPER I – PHARMACOTHERAPEUTICS - III

Q.P. Code: 383819

Time: Three Hours

Maximum: 70 marks

Answer ALL questions

I. Elaborate on:

(2 x 20 = 40)

1. Describe the pathophysiology, clinical manifestations, neurochemical basis and pharmacotherapy of parkinsonism.
2. Describe the pathophysiology, clinical manifestations and pharmacotherapy of viral hepatitis including jaundice.

II. Write notes on:

(6 x 5 = 30)

1. Opioid poisoning and its treatment.
2. Management of venous thromboembolism.
3. Management of headaches.
4. Drugs used for the treatment of alzheimer's disease.
5. Drug therapy of sleep disorders.
6. Drug therapy of status epilepticus.

[KW 819]

MARCH 2010

Sub. Code: 3819

DOCTOR OF PHARMACY (PHARM. D / POST BACCALAUREATE)

DEGREE EXAMINATION

(Regulations 2008-2009)

(Candidates admitted from 2008-2009 onwards)

FOURTH YEAR

PAPER I – PHARMACOTHERAPEUTICS - III

Q.P. Code: 383819

Time: Three Hours

Maximum: 70 marks

Answer ALL questions

I. Elaborate on:

(2 x 20 = 40)

1. Describe the pathophysiology, clinical manifestations and pharmacotherapy of peptic ulcer disease.
2. Give an account of the definition and classification of seizures, their characteristics and drugs employed in management. Add a note on the guidelines applicable for effective drug control to epilepsy.

II. Write notes on:

(6 x 5 = 30)

1. Salicylate poisoning and its treatment.
2. Drugs for anxiety disorders.
3. Management of drugs induced blood disorders.
4. Prevention and management of stroke.
5. Management of neuralgias.
6. Evidence based medicine.

Sub. Code: 3819

DOCTOR OF PHARMACY (PHARM. D / POST BACCALAUREATE)

DEGREE EXAMINATION

(Regulations 2008-2009)

(Candidates admitted from 2008-2009 / 2009-2010 onwards)

FOURTH YEAR

PAPER I – PHARMACOTHERAPEUTICS - III

Q.P. Code: 383819

Time: Three Hours

Maximum: 70 marks

Answer ALL questions

I. Elaborate on:

(2 x 20 = 40)

1. a) Discuss in detail the pathogenesis of peptic ulcer disease.
b) Give an account on clinical signs and symptoms and investigations involved in diagnosis of peptic ulcer disease.
c) Brief on the complication and treatment aspects related to peptic ulcer.
2. a) Describe the aetiology and clinical manifestations of Venous thromboembolism.
b) Add a note on treatment of Thromboembolism.

II. Write notes on:

(6 x 5 = 30)

1. Enumerate on drug induced Hemolytic anaemia.
2. Classify the types of Hepatitis. Discuss the pathogenesis & treatment of viral hepatitis.
3. Discuss the pathogenesis and treatment of alcoholic liver disease.
4. Discuss etiology, clinical manifestations and treatment of Insomnia.
5. Write a pathophysiology and treatment of Parkinson's disease.
6. Discuss the different types of Schizophrenia.

DOCTOR OF PHARMACY (PHARM. D / POST BACCALAUREATE)

DEGREE EXAMINATION

FOURTH YEAR

PAPER I – PHARMACOTHERAPEUTICS - III

Q.P. Code: 383819

Time: Three Hours

Maximum: 100 marks

Answer All questions

I. Elaborate on:

(2 x 20 = 40)

1. Discuss about pathophysiology, various types, objective of the treatment and pharmacotherapy of epilepsy.
2. Discuss about etiopathogenesis, diagnosis, types, treatment objective and pharmacotherapy of Anaemias.

II. Write notes on:

(10 x 6 = 60)

1. Pharmacotherapy of schizophrenia.
2. Types of neuralgias and its management.
3. Gastro Esophageal Reflux disease.
4. Stoke and its management.
5. Discuss on Pain pathways.
6. Drug induced Liver disorders.
7. Evidence based medicine.
8. Alzheimer's disease.
9. Alcoholic liver disease and its management.
10. Pharmacotherapy of Sleep disorder.

DOCTOR OF PHARMACY (PHARM. D / POST BACCALAUREATE)

DEGREE EXAMINATION

FOURTH YEAR

PAPER I – PHARMACOTHERAPEUTICS - III

Q.P. Code: 383819

Time: Three Hours

Maximum: 70 marks

Answer All questions

I. Elaborate on:

(2 x 20 = 40)

1. Pathophysiology of migraine headache and acute migraine therapies.
2. International classification of epileptic seizures and drug of choice for various types of seizures.

II. Write notes on:

(10 x 3 = 30)

1. Classes of drugs used in Peptic ulcer disease.
2. Classification systems for anemias.
3. Pharmacotherapy of major depression.
4. Heparins and Heparinoid.
5. Patterns of drug induced liver disease.
6. Pathophysiology and risk factors of inflammatory bowel disease.
7. Drug induced anemias.
8. Significance of evidence based medicine.
9. Classes of antipsychotic drugs.
10. Types of anxiety disorder.

DEGREE EXAMINATION

FOURTH YEAR

PAPER I – PHARMACOTHERAPEUTICS - III

Q.P. Code: 383819

Time: Three Hours

Maximum: 70 marks

Answer All questions

I. Elaborate on:

(2 x 20 = 40)

1. Define Peptic Ulcers.

Write etiology, pathophysiology and management of Peptic Ulcers.

2. Write pharmacotherapy of Epilepsy.

Add notes on Etiology, clinical manifestation and pathophysiology of Epilepsy.

II. Write notes on:

(10 x 3 = 30)

1. What is Affective disorder? Management of Affective disorder.

2. Various drugs used in Chron's disease management.

3. Management of Parkinson's disease.

4. Drug induced hepatic diseases.

5. What is evidence based medicines give examples.

6. Explain about neuralgia and its management.

7. Etiopathophysiology of macrocytic anaemia.

8. Management of schizophrenic symptoms.

9. Pathophysiology and treatment of venous thromboembolism.

10. Pathophysiology and treatment of anxiety disorders.

Q.P. Code: 383819

Time: Three Hours

Maximum: 70 marks

Answer All questions

I. Elaborate on:

(4 x 10 = 40)

1. Explain about various types of Anaemia.
Add notes on management of Vit. B12 deficiency Anaemia.
2. Explain Schizophrenia.
Give the pharmacotherapy plan for 20 years old male patient affected with severe schizophrenia.
3. Write about the types of Inflammatory bowel disease and its management.
4. Explain various types of neuralgias and its management.

II. Write notes on:

(6 x 5 = 30)

1. Pain management.
2. Explain level of trust involved in the evidence based medicine preparation.
3. What is migraine? Add notes on management of Migraine.
4. Viral hepatitis and its management.
5. Clinical symptoms of stroke. Explain the management of stroke.
6. Explain Narcolepsy. Pharmacotherapy for narcolepsy.

Q.P. Code: 383819

Time : Three hours

Maximum : 70 Marks

I. Elaborate on:

(4 x 10 = 40)

1. Define Seizure, Epilepsy and Convulsion. List the different types of epilepsy, its pathophysiology and management.
2. a) Discuss in details affective disorder.
b) Write the management of affective disorder.
3. Explain Parkinson's disease and its development. Add notes on the management of Parkinson's disease.
4. a) Discuss in details about evidence based medicine and its process.
b) Discuss the PICO in question formation for evidence based medicine.

II. Write notes on:

(6 x 5 = 30)

1. Pharmacist's common therapeutic problems in the treatment of anemia patients.
2. Write about pain management and pain pathways.
3. Management of anxiety disorder.
4. Discuss about atypical anti-psychotic drugs.
5. Drug induced blood disorder.
6. A 36 year old man who presents with a prescription for pantoprazole 40mg two times a day. He has been referred to the gastroenterologist following a 3- month history of abdominal pain for that diagnosed as peptic ulcer. In patient investigation found mild ulcer extending through most of the duodenum and most active proximally.
 - a) What monitoring should be carried out in patients starting pantoprazole for peptic ulcer?
 - b) What information about the drug should be provided to the patient?
 - c) Why it is to be taken before the food?
