

NOVEMBER 1994

[ND 622]

Third B.H.M.S. Degree Examination

**Paper I - SURGERY WITH HOMOEOPATHIC
THERAPEUTICS I**

Time : Three hours

Maximum : 100 marks

Answer all questions

Answer Section A and B in separate answer books

SECTION A

1. Give a brief account of the classification of Burns and the management. (16)
2. Write an essay on Acute Abdomen. (16)
3. Write short notes on any THREE : (3×6=18)
 - a) Osteomyelitis
 - b) Lipoma
 - c) Varicose Vein
 - d) Anal fistula

SECTION B

4. Write briefly on Haemorrhoids. Mention the indications of FOUR homoeopathic remedies useful in a case of Piles. (8+8=16)
5. Give a brief account of Peptic ulcer. Mention the indications of FOUR homoeopathic remedies useful in a case of Peptic ulcer. (8+8=16)
6. Write short notes on any THREE :
 - a) Fracture
 - b) Indications of three homoeopathic remedies in Acute lymphadenitis.
 - c) Secondary haemorrhage
 - d) Indications of three homoeopathic remedies in Gangrene (3×6=18)

APRIL 1995

[SB 627]

Third B H M S Degree Examination

**Paper I SURGERY WITH HOMOEOPATHIC
THERAPEUTICS - I**

Time: Three Hours

Maximum Marks: 100

Answer All Questions

Answer Sections A and B in separate answer books

SECTION A

1. Give the classification of burns. Write briefly on the management and rehabilitation of a case of burns. (15)
2. Give a short account of the surgical Anatomy of the inguinal canal. Add a note on inguinal hernia and its treatment. (15)
3. Write short notes on any FOUR :
 - a) Varicose ulcer
 - b) Colle's Fracture
 - c) Sebaceous cyst
 - d) Hematocele
 - e) Cholelithiasis

(4X5 = 20)

SECTION B

4. What are the causes of Haematuria? Give the indications of four homoeopathic remedies useful in this condition. (7+8=15)
5. Discuss briefly the differential diagnosis of a lump in the breast.

Describe the indication of four homoeopathic remedies useful in such a case. (7+8=15)

- Write short notes on any FOUR :
- a) Five remedies for piles with indications
 - b) Indications for three remedies in Gangrene
 - c) Indications for three remedies in Synovitis
 - d) indications for three remedies in Oesophagitis
 - e) Three remedies in Polytrauma with indications (4X5 = 20)

MB 1121

THIRD B.H.M.S. DEGREE EXAMINATION

**Paper I - Surgery With
Homoeopathic Therapeutics - I**

Time : Three hours

Max. Marks. 100

Answer All questions.

SECTION - A

1. Write surgical anatomy of cervical lymph nodes. Write in detail about the stages, clinical features and management of tuberculous lymphadenitis. (15)
2. Describe briefly the aetiopathology and staging of carcinoma of the Breast. Write a note on clinical features and management of stage II carcinoma of Breast in a pre menopausal woman. (15)
3. Write short notes on any Four: (4 X 5 = 20)
 - a). Dermoid cyst
 - b). Haemorrhoids
 - c). Mallet finger
 - d). Varicocele
 - e). Carbuncle

SECTION - B

1. Classify Haemorrhage, Mention six indications of blood transfusion. When Ipecac, secale cor, hamamelis and phosphorus are indicated. (3+3+9+15)
2. Define and classify in detail ulcers. When mercuriol, Nit.acid and kali lichrom are indicated. (2+4+9=15)
3. Write short notes on any Four: (4 X 5 = 20)
 - a). Cold abscess - Hep sulph and silicia
 - b). Sebaceous cyst - Ars. Alb and Apismel
 - c). Colloid goitre - Calc. Carb and Iodum
 - d). Cerebral haemorrhage - Nat. Sulph and Arnica
 - e). Brodie's abscess - mercuriol and calc carb

NOVEMBER 1995

[MB 1121]

Third B.H.M.S. Degree Examination

**Paper I - SURGERY WITH HOMOEOPATHIC
THERAPEUTICS I**

Time : Three hours Maximum : 100 marks

Answer All questions

Answer Sections A and B in separate answer books

SECTION - A

1. Classify shock. Describe in detail about clinical features and management of Haemorrhagic shock. (15)
2. Describe in detail about the aetiopathology, clinical features and management of Graves disease. (15)
3. Write short notes on any FOUR :
 - a) Lipoma
 - b) Hydrocele
 - c) Scaphoid fracture
 - d) Urolithiasis
 - e) Fibroadenoma breast. (4X5 = 20)

SECTION—B

1. Define peptic ulcer. Mention differences between gastric and duodenal ulcer and their complications. When Anacardium orient Nux, Vomica phosphorus are indicated. (8+9= 15)
 2. Describe differential diagnosis of a lump in the breast. When comium, Bryonia, phytolacca and bromium are indicated ? (7+8= 15)
 3. Write short notes on any FOUR :
 - a) Gall stones - lycopodium and Nuxvom
 - b) Crushed wounds - hypericum and ledumpal
 - c) Varicose ulcer - carboreg and lachesis
 - d) Hydrocele of canal of NUCK - Rhododendron and pulsatilla
 - e) Femoral Hernia - Belladonna, opium and nuxvom (4X5= 20)
-

[SV 1214]

THIRD B.H.M.S. DEGREE EXAMINATION.

(Old/New Regulations)

Paper I — SURGERY WITH HOMOEOPATHIC
THERAPEUTICS — I

Time : Three hours

Maximum : 100 marks

Answer Sections A and B in separate answer books.

SECTION A

1. Write an essay on any ONE of the following : (14)
 - (a) Clinical features and management of carcinoma tongue.
 - (b) Clinical features and management of inguinal hernia.
2. Write briefly on any TWO of the following : (2 × 8 = 16)
 - (a) Wound dehiscence.
 - (b) Odontomes.
 - (c) Colles fracture.
3. Write short notes on any FIVE of the following : (5 × 4 = 20)
 - (a) Thyroglossal cyst.
 - (b) Hemorrhoids.
 - (c) Hashimoto goitre.
 - (d) Flail chest.
 - (e) Venous ulcer.
 - (f) Amoebic liver abscess.
 - (g) Mixed parotid tumor.

SECTION B

4. Write any ONE of the following questions : (1 × 10 = 10)
 - (a) Classify goitre. When are calc. carb, iodum and spongia indicated in goitre?
 - (b) Describe T.N.M. classification of carcinoma of the breast. When are conium, msc, phytolacca, silicea and thuja indicated?
5. Write any TWO of the following questions : (2 × 10 = 20)
 - (a) Describe the aetiology of Haematuria. When are Sarsaparilla, Berberis, Terbinthina and Lachesis indicated in Haematuria?
 - (b) Describe obstructive jaundice. When are Lycopodium, Chelidonium, Kali carb and Nux vom indicated?
 - (c) Classify intracranial tumors. When are Silicea, Conium, Calc Fluor and Baryta Carb indicated?
6. Write short notes on any FIVE of the following : (5 × 4 = 20)
 - (a) Dukamera and Nit acid in warts.
 - (b) Silicea and Calc. phos in Brodie's abscess.
 - (c) Hypericum and staphylagria in Pott's paraplegia.
 - (d) Hydrastis and Nux. Mos in duodenal ulcer.
 - (e) Colocynth and cholesterinum in gall stones.
 - (f) Ars-Alb and Cantharis in Burns and Scalds.
 - (g) Calendula and Hypericum in wounds.

[SM 1214]

THIRD B.H.M.S. DEGREE EXAMINATION.

(Old/New Regulations)

Paper I — SURGERY WITH HOMOEOPATHIC
THERAPEUTICS – I

Time : Three hours

Maximum : 100 marks

Answer ALL questions.

Answer Sections A and B in separate answer books.

SECTION A

1. Write an essay on any ONE of the following : (14)
 - (a) Causes, clinical features and Management of Burns.
 - (b) Causes, clinical features and management of Appendicitis.
2. Write briefly on any TWO of the following : (2×8 = 16)
 - (a) Gas gangrene
 - (b) Inguinal Hernia – Indirect
 - (c) Tetanus.
3. Write short notes on any FIVE of the following : (5 × 4 = 20)
 - (a) Hashimoto's disease
 - (b) Dermoid cyst
 - (c) Lumbar Puncture.
 - (d) Pott's fracture.
 - (e) Renal stones – classification and causes.
 - (f) Haemorrhoids.
 - (g) Frozen shoulder.

SECTION B

4. Write an essay on any ONE of the following : (14)
 - (a) Define and classify ulcer. Write lab. investigations which are necessary in a case of an ulcer. Write the indications of calendula, Hepar sulph, Merc. sol and silicea in an ulcer management apart from other measures.
 - (b) Define and write the clinical features of Acute Duodenitis and Phosphoric Acid in Duodenitis.
5. Write briefly on any TWO of the following : (2×8 = 16)
 - (a) Write the indications of Pulsatilla, Calc-flour, Hamamelis and Carboveg in Varicose Veins.
 - (b) Asafoetida, Nitric acid, Fluoric acid and Calc-Phos in Broodies abscess.
 - (c) Berberis Vulgaris, Lycopodium, Nux vomica and Ars alb in Nephrolithiasis.
6. Write short notes on any FIVE of the following : (5 × 4 = 20)
 - (a) Nat. carb and sulphur in gastritis
 - (b) Rhustox and phytolace in Arthritis
 - (c) Spongia and Iodum in Goitre
 - (d) Calcareaephos and Helleborus in Hydrocephalus
 - (e) Secale cor and carbo veg in Gangrene.
 - (f) Sabal Serrulata and chimaphilla in Prostatic hypertrophy
 - (g) Belladonna, conium in mastitis.

[SM 1214]

APRIL 1999

[SG 1214]

THIRD B.H.M.S. DEGREE EXAMINATION.

(Old/New Regulations)

**Paper I — SURGERY WITH HOMOEOPATHIC
THERAPEUTICS — I**

Time : Three hours : Maximum : 100 marks

Answer ALL questions.

Answer Sections A and B in separate answer books.

SECTION A

1. Write an essay on any ONE of the following : (14)
 - (a) Write an essay on Acute abdomen
 - (b) Classify shock. Describe clinical features, and management of shock
2. Write briefly on any TWO of the following :
(2 × 8 = 16)
 - (a) Discuss clinical features, stages and management of carcinoma breast
 - (b) What are the indications and contra indications of blood transfusion.
 - (c) Discuss the classification, clinical features and diagnosis of parotid tumour.

3. Write short notes on any FIVE of the following :
(5 × 4 = 20)

- (a) Cold abscess
- (b) Haemorrhoids
- (c) Venous ulcer
- (d) Mixed parotid tumour
- (e) Toxic goitre
- (f) Acute appendicitis
- (g) Causes of Haematuria.

SECTION B

4. Write any ONE of the following question :
(1 × 10 = 10)

(a) Describe the clinical features, stages, management and complications of carcinoma stomach. Write the indication of Bismuth, Ars iod, Conduranga and Hydrastis in carcinoma stomach.

(b) Describe the differential diagnosis and management of Lump in the breast. Write the indications of conium, phytolacca bromium and bryonia in breast lump.

5. Write any TWO of the following questions :
(2 × 10 = 20)

(a) Give the indications of conium, sabal serrulata and chimaphila in prostatic hypertrophy.

(b) Write the indications of secale cor, mellilotus, hamamelis and crotales in haemorrhage.

(c) Write the indication of carbo veg, lachesis, hepar sulph and hamamelis in venous ulcer.

6. Write short notes on any FIVE of the following :
(5 × 4 = 20)

- (a) Bryonia and Ruta in Arthritis
- (b) Antim crud and nit acid in corns
- (c) Nux vom and sulph in gastritis
- (d) Merc sol and borax in apthous ulcer
- (e) Cantharis and urtica urens in burns
- (f) Lachesis and sulphur in jaundice
- (g) Colocinth and cholestrinum in gall stones.

OCTOBER 1999

[KA 1214]

THIRD B.H.M.S. DEGREE EXAMINATION.

(Old/New Regulations)

**Paper I — SURGERY WITH HOMOEOPATHIC
THERAPEUTICS — I**

Time : Three hours

Maximum : 100 marks

Answer ALL questions.

Answer Sections A and B in separate answer books.

SECTION A

1. Write an essay on any ONE of the following : (14)
 - (a) Write the clinical features and management of Carcinoma breast.
 - (b) Write the clinical features and management of Hydrocele.
2. Write briefly on any TWO of the following :
(2 × 8 = 16)
 - (a) Supracondylar fracture.
 - (b) Rupture spleen.
 - (c) Chronic duodenal ulcer.
3. Write short notes on any FIVE of the following :
(5 × 4 = 20)
 - (a) Dermoid cyst.
 - (b) Proctitis.
 - (c) Grave's disease.
 - (d) Fracture clavicle.

- (e) Lupus vulgaris.
- (f) Hydatid cyst.
- (g) Rodent ulcer.

SECTION B

4. Write on any ONE of the following : (10)

(a) What is meant by an open and closed fracture? Write the medication of Arnica, Symphytum and Ruta in the case of Fracture.

(b) Mention the causes and varieties of Gangrene. Give the indication of Lachesis, Arsenicum, Secale cor. in the case of Gangrene.

5. Write on any TWO of the following : (2 × 10 = 20)

(a) Describe the signs and symptoms of Tubercular caries of Spine. Specify the indications of Silica, Floric acid and Tuberculinum in this case.

(b) What are the signs and symptoms of strangulated Hernia? Give the indications of Belladonna, Nux-vom. Opium in the case of strangulated hernia.

(c) What is haemorrhoid? Mention different varieties of Piles. When Aesculus hip., Collinsonia, Hamamelis and Sulphur are indicated?

6. Write short notes on any FIVE of the following :
(5 × 4 = 20)

- (a) Phytolacca and Bryonia in Mastitis.
- (b) Graphites and Acid Nit. in case of Fissure ani.

(c) Plumbum met and Alumina in the case of paralysis ileum.

(d) Apis. mel and causticum in the case of Retention of urine.

(e) Hypericum and Ledumpal in the case of Tetanus.

(f) Petroleum and Anacardium in the case of Grastralgia.

(g) Aconite and Veratrum vir. in the case of surgical shock.

APRIL 2000

[KB 1214]

THIRD B.H.M.S. DEGREE EXAMINATION.

(Old/New Regulations)

**Paper I — SURGERY WITH HOMOEOPATHIC
THERAPEUTICS — I**

Time : Three hours

Maximum : 100 marks

Answer Section A and Section B separately.

SECTION A

1. Write any ONE of the following : $(1 \times 14 = 14)$
 - (a) Causes of Acute abdomen and write briefly about acute pancreatitis.
 - (b) Burn and its managements.
2. Write briefly on any TWO of the following : $(2 \times 8 = 16)$
 - (a) Carcinoma of breast
 - (b) Hydrocele
 - (c) Colles fracture.
3. Write short notes on any FIVE of the following : $(5 \times 4 = 20)$
 - (a) Management of shock
 - (b) Dental cyst
 - (c) Cryosurgery
 - (d) Haematuria
 - (e) Aneurysm
 - (f) Hashimoto's thyroiditis
 - (g) Epididymo orchitis.

SECTION B

4. Write essay on any ONE of the following :
(1 × 14 = 14)

(a) Describe ulcerative colitis and indications of Argentum Nit, Sulphur, Merc. Sol, Ara, Alb.

(b) Give brief account of inguinal hernia and mention four remedies with indications.

5. Write briefly on any TWO of the following :
(2 × 8 = 16)

(a) Varicose vein and indications of Hamamelis, Arnica, Acid fluoric, Carbo animalis.

(b) Classify the goitre and give indications of useful four remedies.

(c) Wound healing and give indications of any four remedies to promote the healing.

6. Write short notes on any FIVE of the following :
(5 × 4 = 20)

(a) Fistula in Ano and indications of any two remedies

(b) Cholesterinum, chelidonium in Gall stone

(c) Hydatid cyst of liver and two indicated remedies

(d) Kreosotum and Hepar Sulph in gingivitis

(e) Gas gangrene in Ars, Alb, Secale cor.

(f) Two indicated remedies for carcinoma prostate

(g) Two indicated remedies in Gynaecomastia.

OCTOBER 2000

[KC 1214]

Sub. Code : 1214

THIRD B.H.M.S. DEGREE EXAMINATION.

**Paper I — SURGERY WITH HOMOEOPATHIC
THERAPEUTICS — I**

Time : Three hours . Maximum : 100 marks

Answer Sections A and B in separate Answer books.

SECTION A

1. Write an essay on any ONE of the following :
(1 × 14 = 14)
 - (a) Classification of neck swellings and brief discussion on thyrotoxicosis
 - (b) Types of hernia and write briefly about femoral hernia.
2. Write briefly on any TWO of the following :
(2 × 8 = 16)
 - (a) Acute appendicitis
 - (b) Tetanus
 - (c) Varicocoele.
3. Write short notes on any FIVE of the following :
(5 × 4 = 20)
 - (a) Rodent ulcer
 - (b) Raynaud's disease
 - (c) Pseudopancreatic cyst

- (d) Lumbar puncture
- (e) Rule of nine
- (f) NHL
- (g) Frozen shoulder.

SECTION B

4. Write an essay on any ONE of the following :

(1 × 14 = 14)

(a) Causes for Bleeding per rectum and discuss on Haemorrhoids, write indications of Acid.Mur, collinsonia, Aloes, Sulphur.

(b) Write briefly about peptic ulcer and indications of Kali.Bich, Bismuth Anacardium, phosphorus.

5. Write any TWO of the following : (2 × 8 = 16)

(a) Osteomyelitis and indications of Mer. Sol, cals, phos, symphytum, Hekla lava

(b) Ars. Alb, Secale cor, Lachesis, Sulphuric acid in gangrene

(c) Lycopodium, Berberis vulgaris, Acid benzoicum, Dioscorea in Nephrolithiasis.

6. Write short notes on any FIVE of the following :

(5 × 4 = 20)

- (a) Anthracinum and pyrogenium in carbuncle
- (b) Anticrud and causticum in corns
- (c) Helleborus and calcarea carb in hydrocephalus
- (d) Staphysagria and Hypericum in post operative complications
- (e) Belladonna, conium in mastitis
- (f) Rhododendron, clematis in varicoccele
- (g) Chionanthus and cardus in spleenomegaly.
