Paper I — COMMUNITY MEDICINE

Time : Three hours

Maximum : 100 marks

1. Write an essay on any ONE of the following : (20)

(a) Describe prevention of stroke.

Or

(b) Outline agent, host and environmental factors in the natural history of disease. Outline levels of prevention for poliomyelitis.

2. Write short notes on any SIX : (6 × 5 = 30)

(a) Food Adulteration

(b) Iceberg phenomenon of disease

(c) Eligible couple

(d) Primary prevention

(e) Occupational hazards

(f) Carrier state

(g) Oral Polio vaccine

(h) Passive Immunity

(i) Septic Tank

(j) Zoonosis.

3. Answer ONE in detail : (20)

(a) Define Occupational health. Describe the methods of prevention of occupational diseases and hazards.

Or

(b) Define Rabies. Discuss distribution, agent factors and carrier state of Rabies. Outline treatment discuss vaccine and post exposure prophylaxis.

4. Write short notes on any SIX : (6 × 5 = 30)

(a) Malaria eradication programme

(b) Audio visual aids

(c) Mode of transmission of AIDS

(d) Lead poisoning

(e) Incubation period

(f) Vocational rehabilitation in leprosy

(g) Concept of disability

(h) Social security

(i) Workman's compensation Act

(j) Ergonomics.

(Common to BPT/BOT)

Paper I — COMMUNITY MEDICINE

Time : Three hours Maximum : 100 marks

Theory : Two hours and Theory : 80 marks
forty minutes

MCQ : Twenty minutes MCQ : 20 marks

MCQ must be answered **SEPARATELY** on the answer
sheet provided as per the instructions on the first
page of MCQ Booklet.

Draw suitable diagrams wherever necessary.

Answer ALL questions.

I. Essay Questions. (2 × 15 = 30)

Each question carries 15 marks.

1. Describe the natural history and epidemiology of
Tuberculosis. What are the measures taken by the
Government for Prevention and Control of Tuberculosis
in India. (15)

2. Write in detail about the Employees State
Insurance Scheme — ESI, and discuss about the various
benefits. (15)

II. Short notes : (10 × 5 = 50)

Each question carries 5 marks.

- (a) Definition of Health
- (b) Prevention of foot ulcers in leprosy
- (c) Oral polio vaccine
- (d) Prevention of Road Traffic Accidents
- (e) Child Survival and Safe Motherhood
Programme (CSSM).
- (f) Oral Rehydration therapy
- (g) Acute flaccid paralysis
- (h) Elimination of Neo natal tetanus
- (i) Protein energy malnutrition
- (j) Health education to prevent vitamin
deficiency.
