Under Graduate Academic Record
Department of General Medicine

Preface

The new Graduate Medical Education Regulations attempts to stand on the shoulder of the contributions and the efforts of resource persons, teachers and students (past and present). It intends to carry forward the process of learning to enable the Indian Medical Graduate, a consummate provider of healthcare aligned to the evolving needs of the patients in every socio- economic setting. The thrust in the new regulations is the continuation and evolution of thought in medical education making it more learner- centric, patient-centric, gender sensitive, outcome-oriented and environment appropriate. The result is an outcome driven curriculum which conforms to global trends. Emphasis is made on alignment and integration of subjects both horizontally and vertically while respecting the strengths and necessity of subject-based instruction and assessment.

The importance of ethical values, responsiveness to the needs of the patient and acquisition of communication skills is underscored by providing dedicated curriculum time in the form of a longitudinal program based on Attitude, Ethics and Communication (AETCOM) competencies. Great emphasis has been placed on collaborative and interdisciplinary teamwork, professionalism, altruism and respecting professional relationships with due sensitivity to differences in thought, social and economic position and gender.

In addition to the above, an attempt has been made to allow students from diverse educational streams and backgrounds to transition appropriately through a Foundation Course. Dedicated time has been allotted for self-directed learning and co-curricular activities. With this view in mind the logbook has been designed as per the guidelines of competency based curriculum.

This Academic Record/log book for Undergraduate Medical Students is to be maintained by the student and is part of the learner's personal progress assessment tool kit. The learner shall present the Academic Record to the staff facilitator/ mentor at the end of all classroom learning/ practical sessions/ integrated learning sessions/SDL /AETCOM sessions and feedback sessions as called for by the faculty facilitators/mentors. The progress shall be recorded in the various segments of the record and signed by the facilitator/mentor.

Certificate

This is to certify that

Mr/Ms. _____

University Registration No _____

has satisfactorily Attended and completed all academic activities as assigned in this logbook as per the Guidelines prescribed under the TamilNadu Dr.M.G.R.Medical University in subject of General Medicine.

Place:

Table of Contents

No	Content	Page
1	Background of the Course	6
2	Curriculum Vitae	7
3	Second Professional MBBS	9
4	Third Professional MBBS Part I	46
5	Third Professional MBBS Part II	77

1. Background of the Course

(a) Competencies:

(b) The student must demonstrate ability to do the following in relation to common medical problems of the adult in the community:

1. Demonstrate understanding of the patho-physiologic basis, epidemiological profile, signs and symptoms of disease and their investigation and management,
2. Competently interview and examine an adult patient and make a clinical diagnosis,
3. Appropriately order and interpret laboratory tests,
4. Initiate appropriate cost-effective treatment based on an understanding of the rational drug prescriptions, medical interventions required and preventive measures,
5. Follow up of patients with medical problems and refer whenever required,
6. Communicate effectively, educate and counsel the patient and family,
7. Manage common medical emergencies and refer when required,
8. Independently perform common medical procedures safely and understand patient safety issues.

b) INTEGRATION:

The teaching should be aligned and integrated horizontally and vertically in order to provide sound biologic basis and incorporating the principles of general medicine into a holistic and comprehensive approach to the care of the patient:

2.Clinical Training/Learner Doctor Method

Goal:

To provide learners with experience in:

- (a) Longitudinal patient care,
- (b) Being part of the health care team,
- (c) Hands-on care of patients in outpatient and inpatient setting.
- Be assigned patients admitted during each admission day for whom he/she will undertake responsibility, under the supervision of a senior resident or faculty member.
- Participate in the unit rounds on its admission day and will present the assigned patients to the supervising physician.
- Follow the patient's progress through out the hospital stay until discharge.
- Discuss ethical and other humanitarian issues during unit rounds.
- Focus on History taking, physical examination, assessment of change in clinical status, communication and patient education.

3. Assignment Response Record

Note

1. This section includes academic milestones attained through assignments /out of class academic work.
2. The learner shall be given an assignment based on the **“Nice to know”** areas of the curriculum and any other such topics as deemed necessary.
3. The learner shall submit the assignment in the offline/online module as deemed by the individual institutions, which shall be assessed and graded by the faculty facilitator.
4. The completion of such activity shall be recorded in this section by the learner and signed by the facilitator.

5. Attitudes, Ethics & Communications

The “Indian Medical Graduate”(IMG) shall possess requisite knowledge, skills, attitudes, values and responsiveness, so that he or she may function appropriately and effectively as a *Physician of first contact of the community* while being globally relevant. In order to fulfill this goal, the IMG must be able to function in the following ROLES appropriately and effectively:

1. Clinician who understands and provides preventive, promotive, curative, palliative and holistic care with compassion.
2. Leader and member of the healthcare team and system with capabilities to collect, analyse, synthesize and communicate health data appropriately.
3. Communicator with patients, families, colleagues and community.
4. Lifelong learner committed to continuous improvement of skills and knowledge.
5. Professional, who is committed to excellence, is ethical, responsive and accountable to patients, community and profession.

Note:

1. This section includes academic milestones attained through AETCOM learning. The learner shall be assigned a specific learning objective for each session.
2. The learner shall be given an assignment based on the AETCOM topics of the curriculum.
3. They shall record a detailed synopsis of the skill learnt in this section. The student shall also record a reflection of the learning and learning process.
4. The completion of such activity shall be recorded in this section by the learner and signed by the facilitator

6. Formative Feedback Record

Note:

6. This section captures the process of formative support of the faculty mentors of the department during the learning and at the end of each section of study/module of learning.
7. The mentor shall peruse the academic performance, progression and specific academic needs of the learner.
8. The learner shall record in this section the type of formative assessment, topic for which it was done, the performance and the feedback given by the learner to the mentor on the performance, problems in learning, remedial required if any and the feedback of the mentor.
